GNP St. Mary		0	12	09	19	13105 011
NATURE OF INCIDENT		RECLASSIFICATION OF INCIDENT				
Death Investigation						

7 RESULTS OF INVESTIGATION

After speaking with [redacted] and [redacted] I went to observe the scene of the apparent suicide. After observing the scene of the apparent suicide with Inv. [redacted] Inv. Rolla and Identification Technician Simonello, I returned to the vehicle in an attempt to locate identification for the deceased and a suicide note. I obtained identification for the deceased from his wallet. The wallet was located in the interior pocket of the suit jacket lying on the front passenger seat of a gray Honda with Arkansas registration RCN 504. The Arkansas drivers license identified the deceased as:
 Vincent W. FOSTER
 W/M, DOB: 01/15 45,
 Address: [redacted] 5414 Stonewall rd.,
 Little Rock, Arkansas.

Also, present on the front passenger seat was a White House Identification in the name of Vincent W. Foster. The photographs from both identifications resembled the deceased. In searching the vehicle, I obtained correspondence that gave the following address of [redacted] 3027 Cambridge Pl., N.W., Washington, D.C., for the deceased. I performed a thorough search of the vehicle and was unable to locate a suicide note.

Due to the fact that White House Identification was recovered, Lt. Gavin was notified and he made notification to the U.S. Secret Service.

After searching the vehicle, the keys to the vehicle could not be located, so Inv. Rolla and myself responded to Fairfax Hospital to recheck the decedents pockets. I located the keys to the vehicle in the decedents right front pants pocket. This set of keys and another set of keys were taken into custody to be held with the rest of the decedent's property.

Investigation continues.

Investigator Braun said she recovered Foster's wallet.
